GENERAL INFORMATION FOR CUSTOMERS

ERRORS IN DIRECTORIES

Sometimes, despite care and attention, errors or omissions will occur in compiling telephone directories. Please check your listing in the directory. If it is incorrect in any way, please call the Business Office so that it may be corrected immediately in our records as well as in subsequent issues of the telephone directory.

IDENTIFICATION OF EMPLOYEES

To assist you in identifying an employee in case you have any doubt as to his right to enter your premises, he will present for your inspection an identification card. This card will bear a sample of his signature and a facsimile of his photograph, the latter being a part of the printed card and not an attachment to it.

Information relative to unauthorized persons requesting access to, or tampering with telephones should be transmitted immediately to the Company; call the Business Office.

REGULATIONS AND TARIFFS

The Regulations and Tariffs under which this Company operates are on file in the Business Office and are open to public inspection.

TELEGRAMS BY TELEPHONE

To facilitate sending telegrams or cablegrams you should call telegraph companies as listed in the alphabetical directory.

Charges for telegraph messages of The Pacific Telephone And Telegraph Company at all exchanges, and the Western Union Telegraph Company and Postal Telegraph-Cable Company at certain exchanges, placed by telephone, will be billed by the Telephone Company on its bill for telephone service, or if sent from a public coin box telephone, the charges will be collected at the time the message is sent.

TIME SERVICE

The time may be obtained as provided on Page One.

The charge for this service will be the same as the charge at your regular rate for any other local call.

VISITORS WELCOME

Visitors to our Central Office are welcome.

You will find the equipment used and the methods employed in rendering telephone service interesting.

An appreciation of what is involved in handling your calls will be helpful in our efforts to give a satisfactory service.

We shall be especially glad to arrange for visits by student groups, clubs, societies or associations.

Arrangements for visiting should be made at the Company's Business Office, either in person or by telephone.

HOW TO USE THE DIAL TELEPHONE

WHAT TO DIAL—Dial each figure of the number desired, as listed in your telephone directory.

LISTEN FOR THE DIAL TONE—Remove the receiver, then listen for the dial tone before dialing the number. The dial tone is a steady "humming" sound which indicates that the line is ready for you to make a call.

HOW TO DIAL—

a. Place your finger firmly in the dial opening through which the desired figure is seen.

b. Pull the dial around to the right until your finger rests against the finger stop.

c. Then withdraw your finger and allow the dial to return to normal.

CAUTION: Do not touch the dial while it is returning, because any attempt to hasten or retard its motion may result in a wrong number.

If, before you complete dialing, you find that you have made an error, or if your finger slips from the opening before you have pulled the dial around to the stop, hang up the receiver for a few seconds. Then remove the receiver, listen for the dial tone and, after hearing it, dial the complete number again.

Keep the receiver off the hook while dialing.

HOW TO CALL A LOCAL NUMBER

a. Look up the number in your new telephone directory.

b. Remove the receiver and listen for the dial tone (a steady humming sound).

c. After hearing the dial tone, dial each figure of the number desired. (Keep the receiver off the hook while dialing.)

d. A "burring" sound at regular intervals will indicate that the called number is being rung.

e. If the line is busy, you will hear a steady "buzz-buzz buzz" sound. In such event, hang up, wait for a short interval, and dial the number again.

f. **If you are using a coin-box telephone**, dial the number desired. When the called station answers, a tone will be heard. Then deposit a coin to stop the tone and permit conversation.

HOW TO CALL ANOTHER PARTY ON YOUR OWN LINE

Telephone numbers of other parties on your line will have the same first three figures as your telephone number. To reach another party on your line, proceed as follows:

a. Remove the receiver and listen for the dial tone.

b. After hearing the dial tone, dial "9," then the last figure of your own number and then the last figure of the desired party's number.

c. Hang up the receiver immediately after dialing so that the ringing may start

d. When the ringing stops, remove the receiver and start conversation

e. In case the called party does not answer, remove your receiver momentarily to stop the ringing.

If you encounter any difficulty or desire further information on how to use your telephone to best advantage, dial "Operator." The operator who answers will be glad to help you.

OUT-OF-TOWN SERVICE

Information included in this directory is based upon the rates and practices in effect at the time this directory was closed for printing and is subject to such changes as may be made from time to time.

Rate Information may be found on the Inside Front Cover.

HOW TO MAKE OUT-OF-TOWN CALLS

Whether you use Person-to-Person Service, or Station-to-Station Service, your calls can be handled faster if you give the operator the number of the called telephone. If you do not know the number, give the name and address, and, if you wish Station-to-Station Service tell the operator you will talk with anyone who answers the telephone.

A Long Distance Directory in which we will enter rate and number information for the particular out-of-town points you may be interested in calling will be supplied to you without charge upon request to the Business Office.

STATION-TO-STATION CALLS

This is an Out-of-Town Service where the person calling does not ask the operator to reach a particular person or private branch exchange station at the called place, but will talk with anyone who answers the called telephone. This service is available at lower rates than those for Person-to-Person Service. Charges on these calls may be reversed at no additional cost to most points where the initial rate is twenty-five cents or more.

Station-to-Station calls for Seaside and Warrenton numbers may be given to your local operator.

PERSON-TO-PERSON CALLS

PERSON-TO-PERSON rates apply when you ask the operator to reach a particular person or private branch exchange station at the called place. If the desired person or private branch exchange station cannot be reached, a nominal report charge is made in some cases, as explained under "Report Charges" below.

APPOINTMENT CALLS

A definite time for conversation may be specified in placing Person-to-Person calls. Such calls are known as "Appointment Calls." The Telephone Company will endeavor to complete the connection at the time specified.

MESSENGER CALLS

Person-to-Person calls may be made for an individual not having telephone service. In placing such calls, ask to have a messenger sent to bring the desired person to a telephone. This type of call is known as a "Messenger Call."

On these calls a charge is made for the messenger service and this charge applies even if the desired conversation is not held.

REPORT CHARGES

If the called telephone is reached but the call cannot be completed because the person desired is not available and cannot be reached elsewhere, or for other reasons beyond the control of the Telephone Company, a nominal report charge is made to partially compensate the Telephone Company for the work done on the call.

"WHERE TO BUY IT"

The Classified Telephone Directory

THIS CLASSIFIED TELEPHONE DIRECTORY is published in the general interest of the business of the community. Its purpose is to provide a conveniently arranged Business Telephone Number Service and a comprehensive "Where to Buy It" Service. These features will be found helpful in the general transaction of business, and in the purchase and sale of commodities and services.

TO FIND THE TELEPHONE NUMBER OF A BUSINESS CONCERN you have in mind, look among the listings under the heading descriptive of the business.

FOR LOCATING SOURCES OF SUPPLY, look for the classification by the name of the commodity or, if that is not indexed, by the name of the business which ordinarily distributes it.

MANY TRADE MARKED PRODUCTS are now shown in this directory and they may be found indexed by their Trade Mark name either as heading classifications or as a group of listings similarly indexed under the heading descriptive of the business which supplies them.

THE DISPLAY ADVERTISEMENTS appearing on or near the page containing the heading classification in which you are interested will provide more complete buying information.

It Saves Hours of Time and Miles of Steps
